

## **2026 THE 6<sup>TH</sup> SHENMO CUP MEMORY COMPETITION**

The Shenmo Cup Memory Competition is jointly organized by Edukids Group and Shenmo International Education, aiming to provide students with a platform to showcase their memory skills, concentration, and cognitive abilities. The competition combines memory training, observation skills, and mental agility, encouraging students to challenge themselves while developing confidence and effective learning habits.

Memory is a fundamental skill for learning and is closely related to concentration, observation, and logical thinking. Through systematic training and competition, students can enhance their information-processing abilities, improve learning efficiency, and cultivate a more positive attitude towards learning.

The competition is open to students of different age groups. The contest consists of number memory, image memory, and observation challenges, requiring participants to observe, memorize, and answer questions within a limited time. This helps strengthen concentration, observation skills, reaction speed, and information-processing abilities.

### **I. Competition Categories**

The competition is open to all enrolled students and is divided into the following categories:

- Lower Primary  
Students in Primary 1 to Primary 3
- Upper Primary
